

Go Go Trash

GoGo Trash Performance is:

Group Collective of Noise Musicians, Dancers from the Floor, Deco Makers, Garbage Fetishists, Costume Designers, GoGo Performers.

We meet up since a few years and do actions at festivals, teknivals, exhibitions, parades, demonstrations, parties, and on the street.

We interfere with the theme consumerism; transforming waste products into costumes and instruments. Like to do trashparades in shopping tempels and celebrate "buy nothing day" every day..

A performance could look like an interaction between trash sculptures and the environment their set in .Communicating through noiseobjects and movements-to-the-musik. Like to get pushed towards more CAOS-SENSIBILITY something to see, look under: google video, clown art hotel
