Prepayment of the compulsory mentality test	250
Total	<u>DKK 6.500</u>

Change of the dog's name

It is possible to change the dog's name if the breeder accepts it in writing. This change must take place before the dog is six months of age and the fee is DKK 120.

Change of address

It is important that the Society has your correct address so in case you change your address, please notify Ms Mette Lundrup of the new one.

Breeding restrictions for Broholmers

When the dog is about 10 – 20 months old it must be submitted to a mentality test.

When the dog is 18 months it must be X-rayed for hip displasia and elbow arthrosis. At the same time the veterinary must complete the first questionnaire about the dog's health.

When the dog is about 20 months old it is called in for the exterior judgment.

These 3 things are vital for the decision as to whether your dog can be used in the reconstruction of the Broholmer.

HD/EA X-ray and health form

Immediately after the dog has reached 18 months it has to be X-rayed for hip displasia (HD) and elbow arthrosis (EA).

Before signing the HD/EA order the dog owner must make sure that it is completed correctly.

Bring on this occasion the compulsory health form to the veterinary and make him/her complete it.

HD/EA judgment fees to the Danish Kennel Club

HD/EA judgment, same dog for members of the Danish Kennel Club	DKK 200
---	---------

HD/EA judgment, same dog
for non-members of the Danish Kennel Club DKK 270

A judgment can be considered as an urgent matter on payment of a special fee.
For members of the Danish Kennel Club DKK 500
For non-members DKK 600

Mentality test

The Committee responsible for the mentality test of young dogs will call in your dog when it is about 10 – 20 months old.

This test is only made once. The price of the test is DKK 250 for anyone who has not paid the special mentality test fee when buying the puppy.

Exterior judgment

The Breeding Committee will call in your dog when it is about 20 months old.

The X-ray must be made immediately after the dog has reached 18 months of age.

Your dog may be presented a second time.

Mating

In good time before your bitch comes into heat you should contact the Breeding Committee to know with which dog it must be mated.

Illness

If your dog contracts a disease please ask for a health form from the chairman of the Health Committee.

It is very important to submit this form to the Committee for the purposes of the further work with the dogs.

Kennel name

If there is to be more than one owner of a kennel name, they all have to sign the kennel name application and membership of the Danish Kennel Club is required for all of them.

The Kennel name fee is DKK 800.

The application must be made through the Danish Kennel Club.

If your dog dies

Don't forget to inform Ms Mette Lundrup of your dog's death.
